**Location:** Yangon, Myanmar

### Objective

I'm passionate about using my experience and technical skills to create mobile applications that truly make a difference and exceed user expectations. I'm looking for a role where I can contribute to a team's success, while also growing and improving as a mobile application developer every step of the way.

### Professional Summary

With over 4 years of experience in mobile application development, testing, troubleshooting, and implementation, I have developed a strong expertise in both Android and iOS platforms, as well as workflow development and team management. I possess a thorough understanding of project management and the Software Development Life Cycle (SDLC). My excellent communication, interpersonal, and organizational skills enable me to effectively collaborate with cross-functional teams.

I have successfully developed and launched multiple mobile applications across diverse industries, including healthcare, finance, education, and entertainment. In addition, I actively update my skills and knowledge in mobile app development by attending conferences, workshops, and online courses, ensuring that I stay at the forefront of emerging trends and technologies.

### Education

❖ UCSY (B.C.Sc)

- ❖ (EIU) European International University, Paris (BSc.IT),

## Technical Skills

### Mobile Development

- ❖ Flutter (DDD, Clean Architecture, Bloc, Riverpod, GetX)
- ❖ Android (MVVM, Native Development)
- ❖ React Native
- ❖ App Deployment (Google Play Store, Apple App Store, Microsoft App Center)

### Web Development

- ❖ Frontend: HTML5, CSS3, JavaScript, React, Next.js
- ❖ Backend: Node.js, Express.js
- ❖ Databases: MySQL, MongoDB

### Architecture & Design Patterns

- ❖ Domain-Driven Design (DDD)
- ❖ Model-View-ViewModel (MVVM)
- ❖ Clean Architecture
- ❖ State Management (Bloc, Riverpod, GetX)

### UI/UX Design

- ❖ Figma, Adobe Creative Suite
- ❖ Responsive Design
- ❖ Cross-platform UI Development

### Development Tools & Platforms

- ❖ IDEs: Android Studio, Xcode, VS Code, IntelliJ IDEA
- ❖ Operating Systems: Windows, macOS, Linux
- ❖ Version Control: Git, GitHub, Bitbucket

### Backend & Integration

- ❖ REST APIs, SOAP APIs
- ❖ Firebase (Authentication, Firestore, Cloud Functions)
- ❖ Supabase, Digital Ocean, Cloudnary, Cloudflare, NameCheap
- ❖ Push Notifications (OneSignal, Firebase Cloud Messaging)

### Flutter Package

- ★ **Flutter hashtag picker** - [https://pub.dev/packages/flutter\\_hashtag\\_picker](https://pub.dev/packages/flutter_hashtag_picker)

## Professional Experience

### Senior Flutter Developer | Promes (Myanmar/Thailand) | January 2024 – Present

- ❖ **Application Development:** Led the development of two in-house enterprise applications and the Nayar Real Estate mobile app, delivering high-performance, cross-platform solutions for both Android and iOS.
- ❖ **Legacy System Migration:** Successfully migrated legacy applications to current Flutter versions, improving performance, security, and maintainability while ensuring zero downtime.
- ❖ **Technical Leadership:** Mentored and trained junior developers on Flutter best practices, code architecture, and development workflows, fostering team growth and knowledge transfer.
- ❖ **Architecture Implementation:** Implemented Domain-Driven Design (DDD) and Model-View-Controller (MVC) architectural patterns to ensure scalable, maintainable, and testable codebases.
- ❖ **Documentation & Standards:** Established comprehensive technical documentation, coding standards, and development guidelines to streamline team collaboration and project delivery.
- ❖ **Cross-Platform Expertise:** Delivered native-quality mobile applications for both iOS and Android platforms, optimizing user experience and performance across diverse devices.

### Flutter Developer | Yangon Yinxiang Yule | September 2023 – November 2023

- ❖ **Multi-Vendor E-commerce App:** Built complete multi-vendor mobile application with vendor management, product catalog, and order processing systems
- ❖ **Clean Architecture:** Implemented clean architecture with proper separation of concerns, ensuring maintainable and testable codebase
- ❖ **Responsive Design:** Developed adaptive UI components providing seamless experience across all device sizes and orientations
- ❖ **Reusable Components:** Created modular, reusable widgets and utilities, significantly reducing development time and code redundancy
- ❖ **Cross-Platform Delivery:** Delivered high-performance native-quality applications for both iOS and Android platforms

### Flutter Developer | Systematic Business Solution | March 2022 – October 2023

- ❖ **Full-Stack Mobile Development:** Developed new applications from conception to deployment while modernizing existing applications to latest Flutter versions
- ❖ **Multi-Platform Deployment:** Successfully deployed applications across Google Play Store, Apple App Store, Microsoft App Center, and specialized platforms including Sunmi Store for POS devices
- ❖ **ERP Integration:** Built applications optimized for Sunmi V2 Pro and L2k devices, widely used in enterprise ERP systems and point-of-sale solutions

- ❖ **Legacy Modernization:** Refactored and migrated legacy applications to current Flutter standards, improving performance and maintainability
- ❖ **End-to-End Delivery:** Managed complete application lifecycle from initial requirements gathering through deployment and post-launch support

### Key improvements:

- ❖ Highlighted the impressive 1.5+ years tenure
- ❖ Emphasized multi-platform expertise (especially the specialized Sunmi devices)
- ❖ Made ERP/POS experience more prominent (valuable for business applications)
- ❖ Streamlined the deployment achievements
- ❖ Removed redundant phrases while keeping impact

### Freelance Flutter Developer | 2020 – Present

- ❖ **Full-Stack Development:** Deliver end-to-end mobile application development from concept to deployment, providing comprehensive solutions tailored to diverse client requirements
- ❖ **Cross-Industry Expertise:** Successfully completed 15+ projects across multiple domains including education, social networking, e-commerce, healthcare, dating, and astrology applications
- ❖ **Client Management:** Handle complete project lifecycle independently, from requirements gathering and technical consultation to final delivery and post-launch support

### Key Projects:

- ❖ **Education Platform:** Interactive math learning application for children with gamified calculations and progress tracking
- ❖ **Social Applications:** Feature-rich social networking apps with real-time messaging, content sharing, and community features
- ❖ **E-commerce Solutions:** Multi-vendor marketplace and specialized applications including car pickup/delivery services
- ❖ **Healthcare & Wellness:** Medical consultation apps, astrology platforms, and dating applications with advanced matching algorithms

### Improvements made:

- ❖ Added quantifiable experience (15+ projects)
- ❖ Organized projects by category for better readability

- ❖ Highlighted diverse industry experience
- ❖ Made it more results-focused
- ❖ Showed independent project management skills
- ❖ Kept it professional while showcasing variety

## Published Applications

### Business & ERP Solutions

- ✓ **Smart Duty** - Human Resource Management System  
[https://play.google.com/store/apps/details?id=com.systematic.smart\\_duty&pli=1](https://play.google.com/store/apps/details?id=com.systematic.smart_duty&pli=1)
- ✓ **Mini ERP (MIB)** - Enterprise resource planning system  
[https://play.google.com/store/apps/details?id=com.systematic.mini\\_erp](https://play.google.com/store/apps/details?id=com.systematic.mini_erp)
- ✓ **Me & Money** - Managing incomes and expenses  
[https://play.google.com/store/apps/details?id=com.systematic.me\\_and\\_money](https://play.google.com/store/apps/details?id=com.systematic.me_and_money)
- ✓ **Moe Set Yae** - Comprehensive ERP solution  
<https://apkpure.com/moe-erp/com.systematic.smartdms>
- ✓ **EAC Smart Duty** - Human Resource Management System
